49.0 Environmental Policy Statement

Cairn Cross Civil Engineering Limited are committed to the protection and improvement of the environment, the prevention of pollution, the minimization of waste and the promotion of re-use and recycling of materials.

Cairn Cross Civil Engineering Ltd, carry out its operations to promote good environmental practice and sustainability and comply with all relevant environmental law and statutory provisions and other requirements to which the Company subscribes.

Management and supervisory staff are responsible for the implementation of this policy throughout the company, ensuring environmental protection is given priority at all stages of operations.

Cairn Cross Civil Engineering will ensure that all personnel have sufficient facilities, information, instruction, training and supervision as is necessary to fulfil their roles and responsibilities for environmental management.

This Company Policy will be displayed at all sites and work places and will be made available to the public on the Company web site. This Policy and associated procedures in the Management System will be formally reviewed annually and changes may be implemented by legislative changes or work activities and external requirements.

Signed 

Date: 30th June 2010
