2.0 Health & Safety Policy Statement

Cairn Cross Ltd is a Civil Engineering and Network Rail Company which undertakes all types of civil engineering construction and rail works throughout the U.K.

The Directors of the Company will ensure, as far as is reasonably practicable, the health, safety and welfare at work of all employees and other persons who may be affected by our operations (works contractors, visitors, and public, etc.). The policy will apply to all these persons, to all premises for which the Company has full or part responsibility for the control and to plant and substances provided for use on these premises.

The Company will engage a responsible, experienced, skilled, trained management team whose duty it will be to ensure that a safe and healthy place to work is maintained and everything reasonably practical is done to prevent injury to any personnel in any situation whilst at work by providing ;

- a) Safe plant and systems of work
- b) Safe use, handling, storage and transport of articles and substances
- c) Safe information, instruction, training and supervision
- d) Safe access and egress to/from places of work
- e) Safe working environment

The specific responsibilities of each level of management are detailed in Part 5 of this Policy.

Through proper implementation, by all employees, this Policy will minimise injury, ill-health and dangerous occurrences at work by the elimination of foreseeable risks and the use of safe systems of work.

This Written Safety Policy has been prepared in consultation with all employees and will be subject to continuous improvement. It will be monitored, reviewed and revised at twelve monthly intervals. Any relevant new legislation and authoritative guidance will be promptly incorporated into the Policy and immediately communicated to the appropriate personnel for implementation.

Safety is of the highest priority to the Company and will in no way be compromised.

Signed: 

Date: 30th June 2010

Andrew Bald - Managing Director (Responsible for Safety)
